Cordless Vision Scope T-2200C Series

Introducing the first advanced, full-sized cordless stereomicroscope. Ken-A-Vision's uniquely designed stereoscopes provide up to 20 hours of continuous operation from a single charge with technology equal to 20 watts of light. The unique rubber base provides extra stability. An interchangeable head lets you choose from a rotating turret (T-2200C series) or Zoom (T-2600C).

Features and Benefits

- **Cordless** Up to 20 hours of operation without any electrical connection
- **Dual Rocker Switch** Separate on/off switch for transmitted & incident light
- **Dimmer Control** Variable intensity controls for incident light
- **Oversized Focus Knob** Makes it easy to focus
- **3-Way Transmitted Light** Use top, bottom, or both lights at the same time
- **Power Supply/Charger** Use stereoscope with or without power supply
